**DETAILED ACTION**

***Examiner's Amendment***

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Amir Behnia 10/6/05.

2. The application has been amended as follows:

in claim 26, line 1, "25" has been change to -41-;

in claim 41, line 5, before "made", -integrally- has been inserted;

in claim 41, line 12, "inclination" has been change to - inclined plane surface-;

Art Unit: 2181

in claim 41, line 14, "inclination" has been change to -  
inclined plane surface-; and  
claim 42 has been deleted.

***Allowable Subject Matter***

3. Claims 19-24, 26, 28, 29, 31-33, and 35-41 (renumbered as claims 2-15, 17, 18, 16, 19, and 1 respectively) are allowed.

4. The following is an examiner's statement of reasons for allowance: Kieninger (USP 4,627,771), the closest reference, does not teach or fairly suggest: the cutting insert being provided with an inclined plane surface on the side engaging with the clamping element, wherein the clamping element is provided with an inclined plane surface on the side engaging with the cutting insert; and Kieninger does not teach using a differential screw for adjusting the cutting insert (in claim 41). Further, the combination of the above limitations with all of the other limitations in claim 41 is not obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to

Art Unit: 2181

avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
